

Component Specification NFQ Level 3

Craft - Ceramics 3N1045

1. Component Details

Title	Craft - Ceramics	
Teideal as Gaeilge	Ceardaíocht - Ceirmeacht	
Award Type	Minor	
Code	3N1045	
Level	3	
Credit Value	10	
Purpose	The purpose of this award is to equip the learner with the knowledge, skill and competence to explore aspects of craft and to develop sensitivity to materials and craft skills under supervision.	
Learning Outcomes		Learners will be able to:
	1	Work with a limited range of craft materials to explore aesthetic aspects of a variety of crafts using appropriate language
	2	Describe the basic principles for creating two- dimensional or three-dimensional crafts
	3	Describe a range of design options and preferred solutions to an idea or theme of interest to include gathering evidence of other crafts-persons practice
	4	Use a range of craft tools and equipment correctly to include appropriate terminology
	5	Use a range of craft processes on materials to include experimenting with a range of cutting

techniques, joining, shaping, manipulating, finishing, rendering and decorating as appropriate

- 6 Make a range of craft products in two or three dimensions to include selecting appropriate materials, equipment and processes and paying attention to costs
- 7 Use known solutions to prevent or resolve a limited range of common technical problems associated with the medium, equipment or process
- 8 Display completed craft products with supporting research and design work
- 9 Comment on the completed craft products to include the materials used, standard of workmanship, the craft skills learnt, and difficulties encountered in making the products
- 10 Apply good workshop practice to include set up and preparation, organization and clean up of the work area
- 11 Apply appropriate health, safety and personal hygiene practices to safeguard against accidents and hazards
- 12 Demonstrate the application of communications, team working and quality awareness while working in a craft environment.

Assessment

General Information

All assessment should be planned in accordance with the programme assessment strategy developed as part of the programme submission for validation. See **Policies and Criteria for Validation of Programmes.** Assessment should be undertaken consistently and reflect current assessment guidelines. See <u>www.qqi.ie.</u>

All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence consistent with the **minimum intended programme learning outcomes**.

The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme

	validation which are reliable and valid but which are more appropriate to their context.			
	Assessment of a number of components may be integrated across programmes for delivery, provided that the learning outcomes of each minor award are assessed.			
	Group or team work may form part of the assessment, provided each learner's achievement is separately assessed.			
	of their application for programm	omit an assessment plan as part me validation. Assessment Plans to scheduling and integration of validation guidelines at		
Assessment Techniques	In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.			
	The assessor is responsible for instruments (e.g. project and as papers), assessment criteria an the techniques identified below requirements.	ssignment briefs, examination ad mark sheets, consistent with		
	outcome to its associated asses outcomes must be assessed as	ire providers to map each learning ssment technique. All learning nd achieved in accordance with e learning outcomes set out in		
	Portfolio / Collection of Work	20%		
	Skills Demonstration	80%		
Description				
	Portfolio / Collection of Work			
	A portfolio or collection of work	is a collection and/or selection of pie		

A portfolio or collection of work is a collection and/or selection of pieces of work produced by the learner over a period of time that demonstrates achievement of a range of learning outcomes. The collection may be self-generated or may be generated in response to a particular brief or tasks/activities devised by the assessor.

Skills Demonstration

A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.

Recognition of Prior Learning (RPL)	To support the development and implementation of RPL with regard to access, granting credit/exemptions and achievement of awards/parts of awards, providers should refer to QQI's Statutory Guidelines for Quality Assurance, the Policies and Criteria for Validation of Programmes and the Principles and Operational Guidelines for the Recognition of Prior Learning in Further and Higher Education and Training available at <u>www.qqi.ie</u>
Grading	'Successful' indicates that the learner has achieved all of the learning outcomes for the award with some supervision and direction. The learner has demonstrated autonomy of action and has taken responsibility for generating appropriate evidence for all learning outcomes.
Specific Validation Requirements	There are no specific validation requirements for this award
Supporting Documentation	None
Access	To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.
Transfer	Achievement of this award will enable the learner to transfer to other appropriate programmes leading to awards at the same level of the National Framework of Qualifications.
Requirements Supporting Documentation Access	 has taken responsibility for generating appropriate evidence for all learning outcomes. There are no specific validation requirements for this award None To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience. Achievement of this award will enable the learner to transfer to other appropriate programmes leading to awards at the same

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <u>http://www.nfq-qqi.com</u>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <u>www.qqi.ie</u>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)
Minor Award	Component Specification	Component Certificate (Levels 1 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1	20	5	10	
2	30	5	10	
3	60	10	5,20	>5 and<60
4	90	10	5,15,20	>5 and<90
5	120	15	5,10,30	>5 and <120
6	120	15	5,10,30	>5 and <120

Guide to Level

Learning outcomes at this level relate to a low volume of practical capability and of knowledge of theory. The outcomes relate to the performance of relatively simple work and may be fairly quickly acquired. Outcomes at this level may also confer a minimum employability for low skilled occupations and include functional literacy and numeracy.

Strand	Sub-strand	Nature of learning
--------	------------	--------------------

Knowledge	Breadth	Knowledge moderately broad in range
	Kind	Mainly concrete in reference and with some comprehension of relationship between knowledge elements
Know How & Skill	Range	Demonstrate a limited range of practical and cognitive skills and tools
	Selectivity	Select from a limited range of varied procedures and apply known solutions to a limited range of predictable problems
Competence	Context	Act within a limited range of contexts
	Role	Act under direction with limited autonomy; function within familiar, homogeneous groups
	Learning to Learn	Learn to learn within a managed environment
	Insight	Assume limited responsibility for consistency of self- understanding and behaviour
