### 5. Europass Certificate Supplement

The Europass Certificate Supplement for this award can be accessed at: <a href="www.qqi.ie">www.qqi.ie</a>.

#### 6. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <a href="http://www.nfq-qqi.com">http://www.nfq-qqi.com</a>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <a href="https://www.qqi.ie">www.qqi.ie</a>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for QQI awards are contained within the associated specifications:

| AWARD CLASS        | STANDARDS                      | AWARDS  |
|--------------------|--------------------------------|---|
| Major Award        | Certificate Specification      | Certificate (Levels 1 to 5)<br>Advanced Certificate (Level 6) |
| Supplemental Award | Supplemental Specification     | Supplemental Certificate (Level 3 to 6)                       |
| Special Purpose    | Specific Purpose Specification | Specific Purpose Certificate (Levels 3 to 6)                  |
| Minor Award        | Component Specification        | Component Certificate (Levels 1 to 6)                         |

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

### 7. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

### **Guide to Level**

Learning outcomes at this level include a broad range of skills that require some theoretical understanding. The outcomes may relate to engaging in a specific activity, with the capacity to use the instruments and techniques relating to an occupation. They are associated with work being undertaken independently, subject to general direction.

| Strand              | Sub-strand           | Nature of learning  |
|---------------------|----------------------|---|
| Knowledge           | Breadth              | Broad range of knowledge  |
|                     | Kind                 | Some theoretical concepts and abstract thinking, with significant depth in some areas.  |
| Know How &<br>Skill | Range                | Demonstrate a broad range of specialised skills and tools   |
|                     | Selectivity          | Evaluate and use information to plan and develop investigative strategies and to determine solutions to varied unfamiliar problems  |
| Competence          | Context              | Act in a range of varied and specific contexts, taking responsibility for the nature and quality of outputs; identify and apply skill and knowledge to a wide variety of contexts |
|                     | Role                 | Exercise some initiative and independence in carrying out defined activities; join and function within multiple, complex and heterogeneous groups                                 |
|                     | Learning to<br>Learn | Learn to take responsibility for own learning within a managed environment  |
|                     | Insight              | Assume full responsibility for consistency of self- understanding and behaviour   |
