

Component Specification

Adventure Activities

NFQ Level 5

5N4646

1. Component Details

Title	Adventure Activities	
Teideal as Gaeilge	Gníomhaíochtaí Eachtraíochta	
Award Class	Minor	
Code	5N4646	
Level	5	
Credit Value	15	
Purpose	The purpose of this award is to equip the learner with the knowledge, skill and competence in the principles and practices underpinning adventure activities in the context of outdoor recreation to enable the learner to assist in the delivery of adventure based activities.	
Learning Outcomes		Learners will be able to:
	1	Explain how adventure activities can contribute to the development of personal growth and team-building skills
	2	Identify opportunities in the natural environment for organising adventure activities, simple expeditions and challenges
	3	Explain how a structured reflection process can
	5	enhance participants' personal development and understanding of the adventure experience

- 5 Evaluate how risk and perceived risk make adventure activities a powerful medium for personal growth and team-building
- 6 Identify the key steps for risk management when designing an outdoor programme
- 7 Demonstrate effective listening skills in a group as a means of establishing effective group relations, and a climate of group support
- 8 Demonstrate a strategy for resolving conflict in a group using an adventure activity
- 9 Use adventure activities to complement and develop other recreation activities
- 10 Organise and deliver adventure games that work as 'icebreakers' in a group
- 11 Organise and deliver team-building activities
- 12 Plan carry out and review a suitable adventure activity
- 13 Carry out a structured review of an adventure game with Participants.

Assessment

General Information	Details of FET assessment requirements are set out in Assessment Guidelines for Providers.
	All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence.
	The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are reliable and valid but which are more appropriate to their context.
	Assessment of a number of components may be integrated across programmes for delivery, provided that the learning outcomes of each minor award are assessed.
	Group or team work may form part of the assessment, provided each learner's achievement is separately assessed.

	All providers are required to sub of their application for programm will include information relating to assessment. See current FET va www.qqi.ie.	ne validation. Assessment Plans to scheduling and integration of	
Assessment Techniques	In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.		
	The assessor is responsible for instruments (e.g. project and as papers), assessment criteria and the techniques identified below a requirements.	signment briefs, examination d mark sheets, consistent with	
	Programme validation will requir outcome to its associated asses FET validation guidelines at <u>ww</u>	•	
	All learning outcomes must be a	assessed and achieved	
	Skills Demonstration	70%	
	Assignment	30%	
Description			
	Skills Demonstration		
	based learning outcomes includ	assess a wide range of practical ing practical skills and knowledge. A the learner to complete a task or series ge of skills.	
	Assignment		
	specific guidelines as to what sh	arried out in response to a brief with hould be included. An assignment is hy be carried out over a specified period	
Recognition of Prior Learning (RPL)	Learners may be assessed on the and experience. Providers mus to assess learners by this mean B10, see Provider's Quality Associated on the Register of RPL	s. To do so they must complete urance Guidelines and be	

Guidelines at www.fetac.ie for further information and registration details.

Grading	Pass Merit Distinction	50% - 64% 65% - 79% 80% - 100%
Specific Validation Requirements	There are no spec	cific validation requirements
Supporting Documentation	None	
Access	To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.	
Transfer	learner to transfer	etion of this component award enables the to programmes leading to other certificates nent is a mandatory or an elective requirement.

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <u>http://www.nfq-qqi.com</u>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <u>www.qqi.ie</u>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1 2 3 4	20 30 60 90	5 5 10 10	10 10 5,20 5,15,20	>5 and<60 >5 and<90
5 6	120 120	15 15	5,10,30 5,10,30	>5 and <120 >5 and <120

Guide to Level

Learning outcomes at this level include a broad range of skills that require some theoretical understanding. The outcomes may relate to engaging in a specific activity, with the capacity to use the instruments and techniques relating to an occupation. They are associated with work being undertaken independently, subject to general direction.

Strand	Sub-strand	Nature of learning
Knowledge	Breadth	Broad range of knowledge
	Kind	Some theoretical concepts and abstract thinking, with significant depth in some areas.
Know How &	5	Demonstrate a broad range of specialised skills and tools
Skill Se	Selectivity	Evaluate and use information to plan and develop investigative strategies and to determine solutions to varied unfamiliar problems

Competence	Context	Act in a range of varied and specific contexts, taking responsibility for the nature and quality of outputs; identify and apply skill and knowledge to a wide variety of contexts
	Role	Exercise some initiative and independence in carrying out defined activities; join and function within multiple, complex and heterogeneous groups
	Learning to Learn	Learn to take responsibility for own learning within a managed environment
	Insight	Assume full responsibility for consistency of self- understanding and behaviour
