

Component Specification

Coaching Models of Practice

NFQ Level 6

6N3087

1. Component Details

Title	Coaching Models of Practice	
Teideal as Gaeilge	Múnlaí Traenála Cleachtais	
Award Class	Minor	
Code	6N3(087
Level	6	
Credit Value	15	
Purpose	The purpose of this award is to equip the learner with the knowledge, skill and competence in the concepts and theories underpinning coaching models of practice to enable the learner to select and use effective coaching models to progress the clients agenda.	
Learning Outcomes	Learners will be able to:	
	1	Evaluate a range of coaching models to include co- active coaching and GROW models and the theories that underpin them
	2	Outline the characteristics of different levels of active listening required to fully attend to the words, non-verbal cues and body language of the client
	3	Detail the core principles of coaching to include unconditional positive regard, present and future focus, goal setting and outcome attainment
	4	Describe necessary conditions to ensure effective coaching to include planning for sessions and maintaining appropriate records

	5	Explore a range of coaching techniques to include powerful questioning, reflecting, paraphrasing, summarising, challenging and giving feedback to encourage client self-discovery	
	6	Evaluate different learning styles to include active, reflective and theoretical styles	
	7	Articulate how coaching can positively impact upon individuals and within the workplace	
	8	Assess the client¿s learning style to best facilitate the coaching process	
	9	Manage the arrangements which support the coaching relationship effectively to include frequency, ground rules, cost, evaluation, monitoring, progress and ending of contract	
	10	Select a coaching model, and style that works best for the client	
	11	Employ a coaching strategy which holds the client responsible for their own process	
	12	Demonstrate how beliefs, values and attitudes inform strategies and choices based on both theory and practice	
	13	Facilitate the client in the generation of goals and outcomes from the coaching process	
	14	Guide the client in exploring positive alternatives and in challenging assumptions.	
Assessment			
General Information	Details of FET assessment requirements are set out in Assessment Guidelines for Providers.All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence.		
	app circ tecl vali	The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are reliable and valid but which are more appropriate to their context.	

	Assessment of a number of com across programmes for delivery, outcomes of each minor award a	provided that the learning	
	Group or team work may form pa each learner's achievement is se	•	
	All providers are required to sub- of their application for programm will include information relating to assessment. See current FET va www.qqi.ie.	e validation. Assessment Plans o scheduling and integration of	
Assessment Techniques	In order to demonstrate that they knowledge, skill and competence outcomes, learners are required below.	e identified in all the learning	
	The assessor is responsible for devising assessment instruments (e.g. project and assignment briefs, examination papers), assessment criteria and mark sheets, consistent with the techniques identified below and FETAC's assessment requirements.		
	Programme validation will require providers to map each learning outcome to its associated assessment technique. See current FET validation guidelines at <u>www.qqi.ie</u> .		
	All learning outcomes must be a	assessed and achieved	
	Assignment	40%	
	Skills Demonstration	60%	
Description			
	Assignment		
	An assignment is an exercise carried out in response to a brief with specific guidelines as to what should be included. An assignment is usually of short duration and may be carried out over a specified period of time.		
	There are two assignments.		
	Skills Demonstration		
	based learning outcomes includi	assess a wide range of practical ing practical skills and knowledge. A the learner to complete a task or series ge of skills.	

Recognition of Prior Learning (RPL)	Learners may be assessed on the basis of their prior knowledge and experience. Providers must be specifically quality assured to assess learners by this means. To do so they must complete B10, see Provider's Quality Assurance Guidelines and be included on the Register of RPL approved providers. See RPL Guidelines at www.fetac.ie for further information and registration details.		
Grading	Pass	50% - 64%	
	Merit	65% - 79%	
	Distinction	80% - 100%	
Specific Validation Requirements	·	cific validation requirements	
Supporting Documentation	None		
Access	To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.		
Transfer	learner to transfer	etion of this component award enables the to programmes leading to other certificates nent is a mandatory or an elective requirement.	

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <u>http://www.nfq-qqi.com</u>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <u>www.qqi.ie</u>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)

Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)
Minor Award	Component Specification	Component Certificate (Levels 1 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1 2 3 4 5 6	20 30 60 90 120 120	5 5 10 10 15 15	10 10 5,20 5,15,20 5,10,30 5,10,30	>5 and<60 >5 and<90 >5 and <120 >5 and <120

Guide to Level

Learning outcomes at this level include a comprehensive range of skills which may be vocationally-specific and/or of a general supervisory nature, and require detailed theoretical understanding. The outcomes also provide for a particular focus on learning skills. The outcomes relate to working in a generally autonomous way to assume design and/or management and/or administrative responsibilities. Occupations at this level would include higher craft, junior technician and supervisor.

Strand	Sub-strand	Nature of learning
Knowledge	Breadth	Specialised knowledge of a broad area

	Kind	Some theoretical concepts and abstract thinking, with significant underpinning theory	
Know How & Skill	Range	Demonstrate a comprehensive range of specialised skills and tools	
	Selectivity	Formulate responses to well defined abstract problems	
Competence	Context	Act in a range of varied and specific contexts involving creative and non-routine activities; transfer and apply theoretical concepts and/or technical or creative skills to a range of contexts	
	Role	Exercise substantial personal autonomy and often take responsibility for the work of others and/or for the allocation of resources; form and function within, multiple and complex heterogeneous groups.	
	Learning to Learn	Learn to evaluate own learning and identify needs within a structured learning environment; assist others in identifying learning needs	
	Insight	Express an internalised, personal world view, reflecting engagement with others.
