

Component Specification

Sport Horse Riding

NFQ Level 6

6N3481

1. Component Details

Title	Sport Horse Riding
Teideal as Gaeilge	Marcaíocht Spóirt ar Chapall
Award Class	Minor
Code	6N3481
Level	6
Credit Value	30
Purpose	The purpose of this award is to equip the learner with the knowledge, skill and competence to show a feel for the horse, have an understanding of the horse's weaknesses, begin to school horses and ride horses forward in a progressive way.
Learning Outcomes	<p>Learners will be able to:</p> <ol style="list-style-type: none">1 Appraise the training scale with regard to relaxation, rhythm, contact, impulsion, straightness, collection2 Appraise the biomechanics of jumping3 Evaluate progressive training exercises for developing a horse's confidence and jumping techniques4 Explain dressage terms with respect to objectives, rhythm, paces, transitions and lateral movements5 Evaluate key aspects in improving riding ability to include psychology of rider, posture, fitness and exercises for riders, dressage, show jumping and cross country positions

- 6 Check tack for fitting and soundness
- 7 Judge age of horse before mounting
- 8 Ride effectively on the flat maintaining a balanced, correct and supple seat at all paces
- 9 Apply correct aids with a clear understanding of the reasons for them
- 10 Ride the horse forward in good form including transitions, turn on the forehand, leg yielding, lengthening and shortening of strides in all paces
- 11 Demonstrate correct basic riding position on a horse showing appropriate independent balance, suppleness, depth and security of position in all three paces
- 12 Ride without stirrups, with reins in one or both hands showing balance security and harmony in walk , trot and canter
- 13 Work in open order using safe procedures with regard for the school rules
- 14 Evaluate riding a horse with regard to its basic way of going to dressage level and show jumping to height of 1.20m
- 15 Explore key aspects relating to horses paces and variation in paces
- 16 Explore key aspects in improving riding ability including fitness, riding without stirrups and work on the lunge
- 17 Ride effectively and sympathetically over cross county fences up to 1m or 3'3" while maintaining a balanced correct and supple position showing courage and determination while maintaining appropriate position and balance at all times
- 18 Ride effectively yet sympathetically over show jumps up to 1m or 3'3" while maintaining a balanced correct and supple position
- 19 Work responsibly when handling and riding horses taking account of personal safety, safety of the team and safety of the horses during all skill procedures.

Assessment

General Information

Details of FET assessment requirements are set out in [Assessment Guidelines for Providers](#).

All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence.

The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are **reliable** and **valid** but which are more appropriate to their context.

Assessment of a number of components may be integrated across programmes for delivery, provided that the learning outcomes of each minor award are assessed.

Group or team work may form part of the assessment, provided each learner's achievement is separately assessed.

All providers are required to submit an assessment plan as part of their application for programme validation. Assessment Plans will include information relating to scheduling and integration of assessment. See current FET validation guidelines at www.qqi.ie.

Assessment Techniques

In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.

The assessor is responsible for devising assessment instruments (e.g. project and assignment briefs, examination papers), assessment criteria and mark sheets, consistent with the techniques identified below and FETAC's assessment requirements.

Programme validation will require providers to map each learning outcome to its associated assessment technique. See current FET validation guidelines at www.qqi.ie.

All learning outcomes **must** be assessed and achieved

Skills Demonstration	80%
Examination - Theory	20%

Description

Skills Demonstration

A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.

Examination - Theory

An examination provides a means of assessing a learner's ability to recall and apply knowledge, skills and understanding within a set period of time and under clearly specified conditions.

A theory-based examination assesses the ability to recall, apply and understand specific theory and knowledge.

Recognition of Prior Learning (RPL)

Learners may be assessed on the basis of their prior knowledge and experience. Providers must be specifically quality assured to assess learners by this means. To do so they must complete B10, see Provider's Quality Assurance Guidelines and be included on the Register of RPL approved providers. See RPL Guidelines at www.fetac.ie for further information and registration details.

Grading

Pass	50% - 64%
Merit	65% - 79%
Distinction	80% - 100%

Specific Validation Requirements

The provider must have all of the following in place to offer this award.

Access to a yard approved by the Association of Irish Riding Establishments (www.aire.ie)

1. Various types of young and school master horses suitable for training students on the flat and over fences
2. Tack that is safe and suitable
3. Closed arena with a safe surface and equipment for pole work
4. Facilities and equipment to put up a full show jumping course
5. Facilities for training over cross country fences

Supporting Documentation

None

Access

To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.

5N3359 Sport Horse Riding

Transfer

Successful completion of this component award enables the learner to transfer to programmes leading to other certificates where this component is a mandatory or an elective requirement.

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <http://www.nfq-qqi.com>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see www.qqi.ie).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)
Minor Award	Component Specification	Component Certificate (Levels 1 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1	20	5	10	
2	30	5	10	
3	60	10	5,20	>5 and<60
4	90	10	5,15,20	>5 and<90
5	120	15	5,10,30	>5 and <120
6	120	15	5,10,30	>5 and <120

Guide to Level

Learning outcomes at this level include a comprehensive range of skills which may be vocationally-specific and/or of a general supervisory nature, and require detailed theoretical understanding. The outcomes also provide for a particular focus on learning skills. The outcomes relate to working in a generally autonomous way to assume design and/or management and/or administrative responsibilities. Occupations at this level would include higher craft, junior technician and supervisor.

Strand	Sub-strand	Nature of learning
Knowledge	Breadth	Specialised knowledge of a broad area
	Kind	Some theoretical concepts and abstract thinking, with significant underpinning theory
Know How & Skill	Range	Demonstrate a comprehensive range of specialised skills and tools
	Selectivity	Formulate responses to well defined abstract problems
Competence	Context	Act in a range of varied and specific contexts involving creative and non-routine activities; transfer and apply theoretical concepts and/or technical or creative skills to a range of contexts
	Role	Exercise substantial personal autonomy and often take responsibility for the work of others and/or for the allocation of resources; form and function within, multiple and complex heterogeneous groups.
	Learning to Learn	Learn to evaluate own learning and identify needs within a structured learning environment; assist others in identifying learning needs
	Insight	Express an internalised, personal world view, reflecting engagement with others.
