

Component Specification

Improvisation

NFQ Level 6

6N3552

1. Component Details

Title	Improvisation		
Teideal as Gaeilge	Seiftiú		
Award Class	Minor		
Code	6N3552		
Level	6		
Credit Value	15		
Purpose	The purpose of this award is to equip the learner with the knowledge, skill and competence to understand and engage with the improvisation process as a drama practitioner.		
Learning Outcomes		Learners will be able to:	
	1	Explore a specialised range of skills required in the creation of improvised drama including spontaneity, awareness, observation and the making and or accepting of offers	
	2	Evaluate non-verbal methods of improvised drama	
	3	Explore the use of story-telling in improvisational drama	
	4	Assess the importance of the setting in the creation of an improvised scene	
	5	Appraise the importance of the action in the creation of an improvised scene	

	6	Assess the importance of characters and their relationships in the creation of an improvised scene
	7	Demonstrate knowledge of the application and outcomes of a specialised range of improvisational techniques
	8	Apply the skills required to engage in the creation of improvised drama
	9	Select a specialised range of improvisational techniques
	10	Utilise a specialised range of improvisational techniques
	11	Create improvised drama work as an individual and or as part of a group
	12	Record experiences and learning whilst engaging with the improvisational process.
Assessment		
General Information	Details of FET assessment requirements are set out in Assessment Guidelines for Providers.	
	ach	FET assessment is criterion referenced. Successful ievement of the award is based on learners attaining the uired standards of knowledge, skill or competence.
	The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are reliable and valid but which are more appropriate to their context.	
	acr	sessment of a number of components may be integrated oss programmes for delivery, provided that the learning comes of each minor award are assessed.
		oup or team work may form part of the assessment, provided the learner's achievement is separately assessed.
	of t will ass	providers are required to submit an assessment plan as part heir application for programme validation. Assessment Plans include information relating to scheduling and integration of sessment. See current FET validation guidelines at w.qqi.ie.

Assessment Techniques	 In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below. The assessor is responsible for devising assessment instruments (e.g. project and assignment briefs, examination papers), assessment criteria and mark sheets, consistent with the techniques identified below and FETAC's assessment requirements. Programme validation will require providers to map each learning outcome to its associated assessment technique. See current FET validation guidelines at <u>www.qqi.ie</u>. All learning outcomes must be assessed and achieved 		
	Assignment	30%	
	Skills Demonstration	50%	
	Learner Record	20%	
Description			
	Assignment		
	An assignment is an exercise carried out in response to a brief with specific guidelines as to what should be included. An assignment is usually of short duration and may be carried out over a specified period of time.		
	Skills Demonstration		
	A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.		
	Learner Record		
	A learner record is the learner's self-reported and self-reflective record in which he/she describes specific learning experiences, activities, responses and skills acquired.		
Recognition of Prior Learning (RPL)	and experience. Providers mu	the basis of their prior knowledge st be specifically quality assured	

3

to assess learners by this means. To do so they must complete

	B10, see Provider's Quality Assurance Guidelines and be included on the Register of RPL approved providers. See RPL Guidelines at www.fetac.ie for further information and registration details.		
Grading	Pass	50% - 64%	
	Merit	65% - 79%	
	Distinction	80% - 100%	
Specific Validation Requirements	There are no specific validation requirements		
Supporting Documentation	None		
Access	To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.		
Transfer	Successful completion of this component award enables the learner to transfer to programmes leading to other certificates where this component is a mandatory or an elective requirement.		

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <u>http://www.nfq-qqi.com</u>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <u>www.qqi.ie</u>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1 2 3 4 5	20 30 60 90 120	5 5 10 10 15	10 10 5,20 5,15,20 5,10,30	>5 and<60 >5 and<90 >5 and <120
6	120	15	5,10,30	>5 and <120

Guide to Level

Learning outcomes at this level include a comprehensive range of skills which may be vocationally-specific and/or of a general supervisory nature, and require detailed theoretical understanding. The outcomes also provide for a particular focus on learning skills. The outcomes relate to working in a generally autonomous way to assume design and/or management and/or administrative responsibilities. Occupations at this level would include higher craft, junior technician and supervisor.

Strand	Sub-strand	Nature of learning
Knowledge	Breadth	Specialised knowledge of a broad area
	Kind	Some theoretical concepts and abstract thinking, with significant underpinning theory
Know How & Skill	Range	Demonstrate a comprehensive range of specialised skills and tools
	Selectivity	Formulate responses to well defined abstract problems

Competence	Context	Act in a range of varied and specific contexts involving creative and non-routine activities; transfer and apply theoretical concepts and/or technical or creative skills to a range of contexts
	Role	Exercise substantial personal autonomy and often take responsibility for the work of others and/or for the allocation of resources; form and function within, multiple and complex heterogeneous groups.
	Learning to Learn	Learn to evaluate own learning and identify needs within a structured learning environment; assist others in identifying learning needs
	Insight	Express an internalised, personal world view, reflecting engagement with others.
