

Component Specification NFQ Level 6

Kennel and Cattery Management 6N5585

1. Component Details

Title	Kennel and Cattery Management	
Teideal as Gaeilge	Bainistíocht Coinéal agus Catlann	
Award Type	Minor	
Code	6N5585	
Level	6	
Credit Value	15	
Purpose	The purpose of this award is to equip the leaner with the knowledge, skill and competence in the theory, principles, practices, techniques and legal and health considerations involved in the management and running of kennels and catteries, to enable the learner to provide for the housing requirements of cats and dogs.	
Learning Outcomes	Learners will be able to:	
	1 Demonstrate specialist knowledge of the design, heating, insulation, exercise run, security, food preparation, record keeping, health, nutritional and hygiene requirements of animal housing establishments and how these relate to supervision of the daily routine	
	2 Demonstrate a comprehensive understanding of the theory pertinent to specialised animal housing and the needs of animals in this housing to include ill health, convalescence, whelping, neonatal, quarantine and isolation units	
	3 Demonstrate compliance with the laws, regulations, health and safety requirements standard operating	

procedures and recommended best practice relating to the housing of animals and their care

- 4 Manage the basic needs of animals in kennel and catteries including bedding type, variety, positioning and use
- 5 Manage the exercise and mental stimulation requirements of animals in kennels and catteries to include the need for protection of animals from disease, injury, fear and stress while boarding
- 6 Manage common animal behavior problems that may arise during boarding, demonstrating how to correct them, when to report them to a professional for help and when to contact the animal owner
- 7 Contribute effectively to the workplace, developing an understanding of the staffing, health and safety, quarantine, health record arrival and departure needs of animal shelters
- 8 Demonstrate the capacity for autonomous learning within the workplace, acquiring the knowledge of the general principles of management and assisting others with training specific to the professional and ethical running of the establishment
- 9 Demonstrate awareness of the social, ethical and professional issues in relation to the short and long term housing of animals.

Assessment

General Information

All assessment should be planned in accordance with the programme assessment strategy developed as part of the programme submission for validation. See **Policies and Criteria for Validation of Programmes.** Assessment should be undertaken consistently and reflect current assessment guidelines. See <u>www.qqi.ie.</u>

All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence consistent with the **minimum intended programme learning outcomes**.

The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme

	validation which are reliable an appropriate to their context.	nd valid but which are more
	Assessment of a number of co across programmes for deliver outcomes of each minor award	y, provided that the learning
	Group or team work may form each learner's achievement is s	part of the assessment, provided separately assessed.

Assessment Techniques	In order to demonstrate that the	ev have reached the standards of
Assessment rechniques	In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.	
	The assessor is responsible for instruments (e.g. project and as papers), assessment criteria ar the techniques identified below requirements.	ssignment briefs, examination nd mark sheets, consistent with
	outcome to its associated asse outcomes must be assessed a	aire providers to map each learning essment technique. All learning and achieved in accordance with le learning outcomes set out in
	Project	40%
	Examination - Theory	30%
	Skills Demonstration	30%
Description		
· · ·	Project	

A project is a response to a brief devised by the assessor. A project is usually carried out over an extended period of time. Projects may involve research, require investigation of a topic, issue or problem or may involve process such as a design task, a performance or practical activity or production of an artefact or event.

Examination - Theory

An examination provides a means of assessing a learner's ability to recall and apply knowledge, skills and understanding within a set period of time and under clearly specified conditions.

A theory-based examination assesses the ability to recall, apply and understand specific theory and knowledge.

Skills Demonstration

A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.

Recognition of Prior Learning (RPL)	To support the development and implementation of RPL with regard to access, granting credit/exemptions and achievement of awards/parts of awards, providers should refer to QQI's Statutory Guidelines for Quality Assurance, the Policies and Criteria for Validation of Programmes and the Principles and Operational Guidelines for the Recognition of Prior Learning in Further and Higher Education and Training available at www.qqi.ie	
Grading	Pass	50% - 64%
	Merit	65% - 79%
	Distinction	80% - 100%
Specific Validation Requirements	There are no specific validation requirements	
Supporting Documentation	None	
Access	To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.	
Transfer	learner to transfe	letion of this component award enables the r to programmes leading to other certificates onent is a mandatory or an elective requirement.

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <u>http://www.nfq-qqi.com</u>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see <u>www.qqi.ie</u>).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)
Minor Award	Component Specification	Component Certificate (Levels 1 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1	20	5	10	
2	30	5	10	
3	60	10	5,20	>5 and<60
4	90	10	5,15,20	>5 and<90
5	120	15	5,10,30	>5 and <120

6	120	15	5,10,30	>5 and <120
---	-----	----	---------	-------------

Guide to Level

Learning outcomes at this level include a comprehensive range of skills which may be vocationally-specific and/or of a general supervisory nature, and require detailed theoretical understanding. The outcomes also provide for a particular focus on learning skills. The outcomes relate to working in a generally autonomous way to assume design and/or management and/or administrative responsibilities. Occupations at this level would include higher craft, junior technician and supervisor.

Strand	Sub-strand	Nature of learning		
Knowledge	Breadth	Specialised knowledge of a broad area		
	Kind	Some theoretical concepts and abstract thinking, with significant depth in some areas		
Know How & Skill	Range	Demonstrate a comprehensive range of specialised skills and tools		
	Selectivity	Formulate responses to well defined abstract problems		
Competence	Context	Utilise diagnostic and creative skills in a range of functions in a wide variety of contexts		
	Role	Exercise substantial personal autonomy and often take responsibility for the work of others and/or for the allocation of resources; form and function within, multiple and complex heterogeneous groups.		
	Learning to Learn	Learn to take responsibility for own learning within a managed environment.		
	Insight	Express an internalised, personal world view, reflecting engagement with others.
