Maximum Intakes per Annum:	1	0	Full Time
Minimum Learners per Intake:	10	0	
Maximum Learners per Intake:	80	0	
Duration (months)	48	N/A	

Target Learner Groups

The programme aims to serve the needs of learners undertaking full-time study, whether entrants via CAO or mature learners. The programme will provide learners with a critical insight into the operation and culture of HRM and the key issues facing contemporary practitioners. The programme will underpin the proficiency of graduates in HRM by developing understanding of management functions across a broad spectrum including entrepreneurship and economics, providing learners with the ability to analyse and critically evaluate management theory and practice.

Brief Synopsis of the Programmes

The programme aims to provide learners with an in-depth knowledge of Human Resource Management (HRM), its core theories and application within the organisation. The programme will give an in-depth knowledge of the key skills required of the human resource professional and prepare graduates for membership of CIPD. Learners complete a range of generic business and specialist HRM modules assignments that involve critical assessment of approaches to HRM, practice-based assessments and case studies. The programme covers core HR areas, such as, Resourcing and Talent Planning, Employment Law, Employee Relations, Learning and Development, Ethics, Equality and Diversity and Change Management, while also introducing new and emerging HR practices such as HR Analytics, Strategic HRM, and Organisational Design. The emphasis on academic and practical skills development will prepare learners for a variety of roles in the industry.

Physical Resource Requirements

The classroom for the delivery of onsite learning will require a laptop connection or a computer, a projector, a whiteboard or flipchart paper, and internet access.
 Students will require IT resources in the workplace to complete their reflective e-journal. They will also require continued access to Moodle, the College’s Learning Management System, as this will provide the basis for communicating with students over the course of the placement and provide a centre for virtual discussion and group activities.
 Students will also require access to library resources and the Careers and Opportunities Service.

Staff Profiles	Qualifications and Experience	WTE
Lecturer	Lecturers with a Masters or PhD level qualification in an appropriate discipline with academic experience delivering modules in Management, Accounting, Law, Marketing and Human Resources at Level 8.	4
Programme Director	Programme Director who is responsible for the academic management of the programme and may also be a lecturer on the programme. The Programme Director will have at least a Masters or PhD qualification in an appropriate discipline.	1
Programme Coordinator	Programme Coordinator with experience in relationship management, academic support and programme delivery.	1

Conditions of Validation of the Programmes Covered by this Certificate of Validation

Part 1: Statutory Conditions of Validation

The statutory (section 45(3) of the 2012 Act) conditions of validation are that the provider of the programme shall:

1. Co-operate with and assist QQI in the performance of QQI's functions in so far as those functions relate to the functions of the provider,
2. Establish procedures which are fair and consistent for the assessment of enrolled learners to ensure the standards of knowledge, skill or competence determined by QQI under section 49 (1) are acquired, and where appropriate, demonstrated, by enrolled learners,
3. Continue to comply with section 65 of the 2012 Act in respect of arrangements for the protection of enrolled learners, if applicable, and
4. Provide to QQI such information as QQI may from time to time require for the purposes of the performance of its functions, including information in respect of completion rates.

Part 2 Conditions of Validation Established by QQI Under section 45(4)(b) of the 2012 Act

Part 2.1 Condition of Validation Concerning a Change in the QQI Award or Award Standard

1. Where QQI changes an award title, an award specification or an award standard that a programme depends upon, the provider shall not enrol any further learners on the affected programmes unless informed otherwise in writing by QQI (e.g. by the issue of a revised certificate of validation). The programme is considered validated for learners already enrolled on the affected programme.

Part 2.2 Condition of Validation Concerning the Duration of Enrolment

1. The duration of enrolment is the interval during which learners may be enrolled on the validated programme.

Validation is determined by QQI for a specified number of years of enrolment appropriate to the particular programme as indicated on the certificate on validation subject to unit 9.2.1. It is a condition of validation that the programme does not enrol any new learners outside this interval. A typical duration would be five years.

If a provider wishes to continue to enrol learners to the programme beyond this interval the provider must arrange in good time for it to be validated again by QQI, or exceptionally the provider may apply for extension of the duration of enrolment (unit (14)). In this context the provider may apply for validation of the programme from first principles or, alternatively, the provider may avail of the process for revalidation (unit (13)) by QQI.

Part 2.3 General Condition of Validation

The provider of the programme shall:

1. Ensure that the programme as implemented does not differ in a material way from the programme as validated; differing in a material way is defined as differing in any aspect of the programme or its implementation that was material to QQI's validation criteria.
2. Ensure that the programme is provided with the appropriate staff and physical resources as validated.
3. Implement in respect of the programme its written quality assurance procedures (as approved by QQI).
4. Make no significant change to the programme without the prior approval of QQI. (See unit (8)).
5. Unless otherwise agreed by QQI in writing, start implementing the programme as validated and enrol learners within 18 months of validation.
6. Continue in respect of the validated programme to comply with section 56 of the 2012 Act in respect of procedures for access, transfer and progression.
7. Implement the programme and procedures for assessment of learners in accordance with the Approved Programme Schedule and notify QQI in writing of any amendments to this arising from changes to the programme; see unit (9).
8. When advertising and promoting the programme and awards, use the programme title as validated, and the correct QQI award title(s), award type(s) and award class(es) indicating the level of the award(s) on the National Framework of Qualifications.

9. Adhere to QQI regulations and procedures for certification.

10. Notify QQI in writing without delay of: a. Any material change to the programme; a. Anything that impacts on the integrity or reputation of the programme or the corresponding QQI awards; b. Anything that infringes the conditions of validation; or c. Anything that would be likely to cause QQI to consider reviewing the validation.

11. Notify QQI in writing to determine the implications for the provider's validated programmes, where the provider is likely to, or planning to, merge (amalgamate) with another entity or to acquire, or be acquired by, another entity (see unit (12.5)) .

12. Report to QQI, when required or requested, on its implementation of the programme and compliance with the conditions of validation.

Part 2.4 General Condition of Validation Arising from Specialised Validation Policy and Criteria

1.

Part 2.5 Special Conditions of Validation
