Erasmus+ Synergies

eTwinning

eTwinning is a free online platform linking a community of more than 500,000 teachers across Europe. It supports primary and post primary schools to find partners and work on joint projects in any curricular area, using Information and Communication Technology (ICT).

In 2018 we recognised the **first three eTwinning Schools in Ireland** with the **eTwinning School Label**, which rewards leadership in the areas of digital collaboration, innovative pedagogical approaches and responsible use of the internet. The three eTwinning Schools are Gaelscoil de hÍde (Roscommon), Davis College (Cork) and Our Lady of Fatima Special School (Wexford). The label recognises the commitment and dedication of teams of eTwinning teachers within a school, and we're delighted to have three flags flying high across Ireland.

2018 was another record year for registrations: we had **504** new teacher registrations, an increase of 68% on 2017, and **192 project registrations**, an increase of 25% on 2017.

- Union of Students in Ireland (USI) for An Foclóir Aiteach
- CDETB Adult Education Service Finglas for Cúpla Focal
- Maynooth Post Primary School for Home-in-Language

European Day of Languages

In 2018, we invited primary and post-primary teachers to create a language project with eTwinning! #EDLComp18 aimed to engage with language teaching and learning from a new perspective, encourage collaboration and exchange between schools in different EU countries, and promote creativity and innovation in language learning.

EPALE Conference, Self-Care for Educators

In November, we held a conference that looked at self-care for educators. While the area of mental health – and students' mental health in particular – is gaining much needed attention, the subject of educators' own mental health and wellbeing is often overlooked. This conference features a discussion panel and workshops led by experts who approached the topic from different perspectives, offering a combination of research, first-hand experience and practical tips/advice for both organisations and individual educators. Listen first-hand to this thoughtful talk given at the conference by Eddie Murphy:

Getting noticed online

In 2018 we consolidated our work on our target audiences (who can benefit from the funding and other opportunities that our programmes provide) and then used this work to increase our reach online to let people know about events, training, funding deadlines and general programme news. We ended the year with >2500 followers on Facebook and >3200 followers on Twitter. Here are just some of the events and initiatives we offered:

Erasmus+ — Fostering Critical Thinking & Media Literacy — Strengthening European Democracy through Adult Education — 10 - 12 December, Berlin — Apply by 05 September

Erasmus+ — VET Skills Week 2018 — Photo Competition — 05 October - 05 November — #vetskillsphoto2018

TIME TO MOVE — timetomove.info

Erasmus+ — Queerasmus+ — Contact Seminar for LGBT+ Youth Work — 27 - 31 May, Norway — Apply by 05 May

In 2018 we launched our *Impact Study on Erasmus+ Work Placements for Vocational Learners from Ireland* in the Department of Education and Skills. This report has been presented at several conferences and seminars across Europe and **Léargas is now coordinating the Irish work on a longitudinal study of VET learners who have taken part in European programmes over the last ten years.**

By end 2019 we expect to see the report of the joint study, carried out with our colleagues in the HEA, on Erasmus+ participation and the acquisition of language skills.

Erasmus+ 2021-2027: more people to experience learning exchanges in Europe

Press Releases | PLENARY SESSION | CULT | 28-03-2019 - 12:19

- Budget tripled for the 2021-2027 period
- Focus on people with fewer opportunities
- New measures and actions to increase number of participants

Léargas staff have been taking part in various working groups on the future of the new programme: they and their colleagues from other National Agencies are well placed to provide insight into how the programme works 'on the ground'.
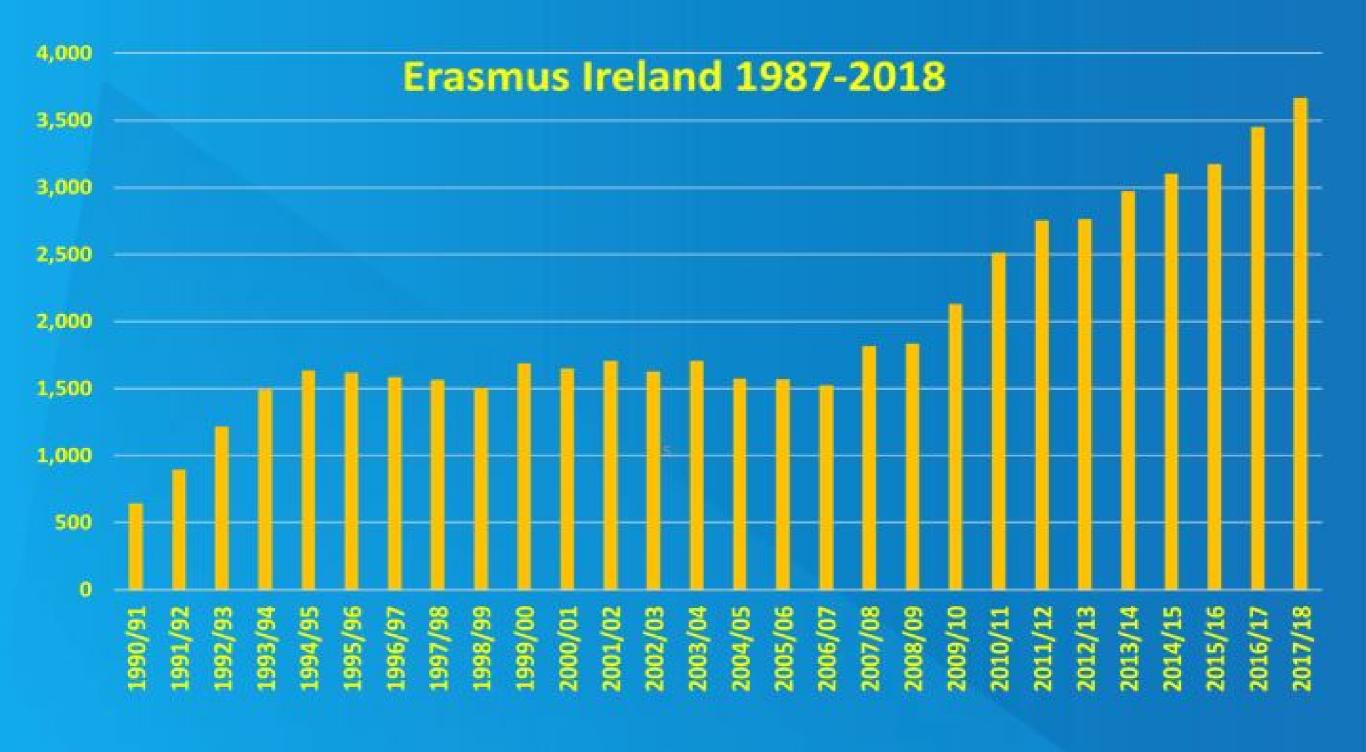

Recommendations for changes in the new programme include the need to continue efforts to simplify procedures, to accommodate smaller organisations who wish to take part, and to be more inclusive and accessible.

Correspondences between UK and Irish frameworks with European qualifications frameworks

Within Europe, two overarching qualifications frameworks exist to which the national qualifications frameworks of the UK and Ireland relate: The European Qualifications Framework (EQF) and the Framework for Qualifications of the European Higher Education Area (FQ-EHEA) also known as the Bologna Framework.

Table 1 shows the correspondence of levels established between national qualifications frameworks and the EQF:

European Qualifications Framework (EQF)	Framework for Higher Education Qualifications in England/ Northern Ireland (FHEQ)	Regulated Qualifications Framework England/ Northern Ireland (RQF)	Credit and Qualifications Framework for Wales (CQFW)	Scottish Credit and Qualifications Framework (SCQF)	The National Framework of Qualifications for Ireland (NFQ IE)
8	8	8	8	12	10
7	7	7	7	11	9
6	6	6	6	10/9	8/7
5	5/4	5/4	5/4	8/7	6
4		3	3	6	5
3		2	2	5	4
2		1	1	4	3
1		E3	E3	3	2/1
		E2	E2	2	
		E1	E1	1	

Table 2 shows the outcome of verifying the compatibility of higher education frameworks for Scotland (FQHEIS/SCQF), for England, Wales and Northern Ireland (FHEQ) and for the NFQ for Ireland (NFQ IE) with the FQ-EHEA as follows:

Typical higher education qualifications within each level	FHEQ level	FQHEIS/ SCQF level	NFQ IE level	Corresponding FQ-EHEA cycle
Doctoral degrees	8	12	10	Third cycle (end of cycle) qualifications
Master's degrees (including Integrated Master's)	7	11	9	Second cycle (end of cycle) qualifications
Postgraduate diplomas				Intermediate qualifications within the second cycle
Postgraduate certificates				
Bachelor's degrees with honours /Honours Bachelor Degrees		10	8	First cycle (end of cycle) qualifications
Irish Higher Diplomas				
Bachelor's degrees/ Ordinary Bachelor Degree	6		7	
Graduate diplomas		9		Intermediate qualifications within the first cycle
Graduate certificates				
Foundation Degrees (for example FdA, FdSc)				Short cycle qualifications
Diplomas of Higher Education (DipHE)	5	8	6	
Higher National Diplomas (HND)				
Irish Higher Certificates				

For more information on compatibility with these frameworks see: europa.eu/eqf/home_en.htm and www.enic-naric.net.

Qualifications can Cross Boundaries
