Chief Executive, QQI

## Why quality assurance of VET?

## Short term deliverables for VET

Bruges Communiqué and short term deliverables 2010-2015 related to EQAVET	Riga Conclusions and short term deliverables 2015-2020
<p><i>Participating countries were invited to establish at national level a:</i></p> <ul style="list-style-type: none"> <li>- QA frameworks in accordance with the EQAVET Recommendation by 2013;</li> <li>- Common QA framework for VET providers compatible with the EQAVET framework which also applies to WBL by 2015</li> </ul>	<ol style="list-style-type: none"> <li>1. Promote WBL in all its forms</li> <li>2. Further develop QA mechanisms in VET in line with the EQAVET, and establish continuous information and feedback loops in IVET and CVET based on LO</li> <li>3. Enhance access to VET and qualifications for all through more flexible and permeable systems</li> <li>4. Further strengthen key competences in VET curricula</li> <li>5. Introduce systematic approaches and opportunities for initial and continuous professional development of VET teachers, trainers and mentors in both school and WBL settings</li> </ol>

# EQAVET model, deepening a culture of QA

## THE QUALITY CYCLE

of the European Quality Assurance Reference  
Framework for Vocational Education and Training

### 1. Purpose and Plan

Set up clear, appropriate and measurable goals and objectives in terms of policies, procedures, tasks and human resources.

### 2. Implementation

Establish procedures to ensure the achievement of goals and objectives (e.g. development of partnerships, involvement of stakeholders, allocation of resources, and organisational or operational procedures).

### 4. Review

Develop procedures in order to achieve the targeted outcomes and/or new objectives after processing feedback, key stakeholders conduct discussion and analysis in order to devise procedures for change.

### 3. Assessment and Evaluation

Design mechanisms for the evaluation of achievements and outcomes by collecting and processing data in order to make informed assessment.

# What data? What evidence?

## Seminar Aims

- To consider available data and information in the context of self evaluation
- To consider mechanisms for benchmarking and gathering own data sustainably and consistently with own quality objectives, context and scope
- Develop awareness of data and metrics used elsewhere- nationally, internationally and utilising EQAVET toolkits
- To share insights and perspectives with colleagues

# Self Evaluation

- Looks at effectiveness, and enhancement
- Assists in meeting responsibilities- in managing quality and in the provision of programmes leading to awards in the NFAQ
- Informs decision making
- Uses indicators- peer, external, qualitative and quantitative
- Metrics might include
  - Enrolment profiles
  - Completion- including awards achieved
  - Destinations of learners, outcomes as experienced
  - Participation information
  - Inputs- staffing numbers
- Involves a team- internally
- Results in a published report

# Blue skies- reclaiming the space!

## Workshop 1

Vision, mission and QA are inextricably linked

What do you hope your QA will assure?

- *Better teaching?*
- *Better teaching and learning?*
- *Moving the dial from access to success?*
- *Employment led learning?*
- *Coherent and accountable integrated service?*

# Workshop (1)

- How best to exploit diverse data sources?
- What infrastructure do you need?
- What data do you want?

*programmes, awards, learners, inputs, outcomes?*

- Validity- how do we know that the data we collect will validly inform our evaluation of the effectiveness of what we do?
- Will it tell us whether we are doing the 'right' things?
- Who wears the 'data hat'? Data proofing?

Feedback from tables

## Workshop (2)

Serving its purpose, sustainably

The purposes of self evaluation

Targeting improvement planning

- What data assists?
- How is it collected individually within ETBs?
- Can anything be done cross sectorially?
- How best to embed the collection of data within existing structures in sustainable ways?

Feedback, Q&A, next steps

# Close

## Next steps-

a report of outcomes

planning for Autumn (*full team ahead!*)

opening out seminars?

willingness/capacity to tackle one data area and share progress over 2016?

wraparound activities

*'We often see things as we are, not as they are'*

Anais Nin

Thank you!
