Component Specification NFQ Level 6

Windsurfing Instruction 6N5365

1. Component Details

Title	Windsurfing Instruction
Teideal as Gaeilge	Múineadh Clársheoltóireachta
Award Type	Minor
Code	6N5365
Level	6
Credit Value	20
Purpose	The purpose of this award is to equip the learner with the knowledge, skills and competence to safely lead, instruct and assess windsurfing courses with participants up to intermediate skills.
Learning Outcomes	<p>Learners will be able to:</p> <ol style="list-style-type: none">1 Describe how the sport of windsurfing is governed and how it's training, coaching and instructing and accreditation scheme is structured2 Demonstrate a comprehensive knowledge of technical skills required to windsurf to intermediate level3 Identify how to develop and instruct this knowledge in a manner that is appropriate to the context and the participants4 Outline the instructor's role in the context of the activity of windsurfing, participants, peer instructors and the club or centre

- 5 Demonstrate knowledge of safety guidelines, recommended ratios and working parameters as issued by the governing body for the windsurfing
- 6 Discuss the impact of the activity of windsurfing on the environment and the impact of the environment on the sport
- 7 Demonstrate windsurfing skills to national governing body intermediate level
- 8 Identify how to develop and instruct these windsurfing skills in a manner that is appropriate to the context and the participants
- 9 Develop and implement a session plan(s) appropriate to the participants and the context in a quality and safe learning environment
- 10 Apply communication skills appropriate to the context and the participants
- 11 Apply skills of observation, analysis and provision of feedback
- 12 Adapt to changing circumstances and apply progressions to the activity of windsurfing
- 13 Manage and minimise risk before and during the activity
- 14 Plan and conduct an assessment of participant skills
- 15 Conceive, plan, deliver both water and onshore teaching sessions to groups of windsurfers from beginner to intermediate skills using structured teaching methods
- 16 Manage and minimise risk while delivering the activity of windsurfing practicing appropriate safety procedures and techniques
- 17 Implement appropriate First Aid and emergency procedures
- 18 Demonstrate strategies to manage the impact of the environment on the session and the impact of the session on the environment
- 19 Adopt an ethical, non-discriminatory and all-inclusive approach to instructing
- 20 Evaluate a session in terms of personal instructing performance and progress of participants, identifying implications for successive sessions.

Assessment

General Information

All assessment should be planned in accordance with the programme assessment strategy developed as part of the programme submission for validation. See **Policies and Criteria for Validation of Programmes**. Assessment should be undertaken consistently and reflect current assessment guidelines. See www.qqi.ie.

All FET assessment is criterion referenced. Successful achievement of the award is based on learners attaining the required standards of knowledge, skill or competence consistent with the **minimum intended programme learning outcomes**.

The techniques set out below are considered the optimum approach to assessment for this component. In exceptional circumstances providers may identify alternative assessment techniques through the provider's application for programme validation which are reliable and valid but which are more appropriate to their context.

Assessment of a number of components may be integrated across programmes for delivery, provided that the learning outcomes of each minor award are assessed.

Group or team work may form part of the assessment, provided each learner's achievement is separately assessed.

All providers are required to submit an assessment plan as part of their application for programme validation. Assessment Plans will include information relating to scheduling and integration of assessment. See current FET validation guidelines at www.qqi.ie.

Assessment Techniques

In order to demonstrate that they have reached the standards of knowledge, skill and competence identified in all the learning outcomes, learners are required to complete the assessment(s) below.

The assessor is responsible for devising assessment instruments (e.g. project and assignment briefs, examination papers), assessment criteria and mark sheets, consistent with the techniques identified below and QQI's assessment requirements.

Programme validation will require providers to map each learning outcome to its associated assessment technique. All learning outcomes **must** be assessed and achieved in accordance with

the **minimum intended module learning outcomes** set out in the validated programme.

Skills Demonstration 100%

Description

Skills Demonstration

A skills demonstration is used to assess a wide range of practical based learning outcomes including practical skills and knowledge. A skills demonstration will require the learner to complete a task or series of tasks that demonstrate a range of skills.

Recognition of Prior Learning (RPL)

To support the development and implementation of RPL with regard to access, granting credit/exemptions and achievement of awards/parts of awards, providers should refer to **QQI's Statutory Guidelines for Quality Assurance**, the **Policies and Criteria for Validation of Programmes** and the **Principles and Operational Guidelines for the Recognition of Prior Learning in Further and Higher Education and Training** available at www.qqi.ie

Grading

Pass	50% - 64%
Merit	65% - 79%
Distinction	80% - 100%

Specific Validation Requirements

The Provider must confirm they have approval of the National Governing Body, Irish Sailing Association (ISA) to offer programmes leading to his award.

Supporting Documentation

1. Supporting documentation is available from the National Governing Body, Irish Sailing Association - www.sailing.ie.

Access

To access programmes leading to this award the learner should have reached the standards of knowledge, skill and competence associated with the preceding level of the National Framework of Qualifications. This may have been achieved through a formal qualification or through relevant life and work experience.

Transfer

Successful completion of this component award enables the learner to transfer to programmes leading to other certificates where this component is a mandatory or an elective requirement.

2. FET Award Standards

QQI award standards are determined within the National Framework of Qualifications (NFQ), <http://www.nfq-qqi.com>. QQI determines standards for the education and training awards that it makes itself and that are made by providers to whom it has delegated authority to make an award. Providers offering programmes leading to QQI awards **must** have their programme(s) validated in accordance with current validation policy (see www.qqi.ie).

Award standards are designed to be consistent with the NFQ's award classes i.e. major, special purpose, supplemental and minor awards. They are expressed in terms of **learning outcomes** i.e. concise statements of what the learner is expected to know or be able to do in order to achieve a particular award. Learning outcomes for FET awards are contained within the associated specifications:

AWARD CLASS	STANDARDS	AWARDS
Major Award	Certificate Specification	Certificate (Levels 1 to 5) Advanced Certificate (Level 6)
Supplemental Award	Supplemental Specification	Supplemental Certificate (Level 3 to 6)
Special Purpose	Specific Purpose Specification	Specific Purpose Certificate (Levels 3 to 6)
Minor Award	Component Specification	Component Certificate (Levels 1 to 6)

Award standards are thresholds, they describe standards of knowledge, skill or competence to be acquired, and where appropriate, demonstrated, by a learner before an award may be made.

Award standards will be reviewed from time to time as necessary. Minor changes may be made by the QQI executive outside the review cycle where necessary. Changes to standards are published on QQI's website. Providers with validated programmes and providers with delegated authority to make awards are responsible for monitoring relevant standards and making necessary responses to changes.

3. FET Credit

Every FET certificate and component specification includes an FET credit value (Table 1). FET credit is quantified in multiples of 5 FET credits (up to 50 hours of learner effort). Learner effort is based on the time taken by typical learners at the level of the award to achieve the learning outcomes for the award. It includes all learning time involved including: guided learning hours, self-directed learning and assessment.

Table 1: FET Credit Values

NFQ Level	Major Awards Credit Values	Default Credit Values Minor Awards	Other Permitted Minor Award Credit Values	Special Purpose and Supplemental Award Credit Value Ranges
1	20	5	10	
2	30	5	10	
3	60	10	5,20	>5 and <60
4	90	10	5,15,20	>5 and <90
5	120	15	5,10,30	>5 and <120

Guide to Level

Learning outcomes at this level include a comprehensive range of skills which may be vocationally-specific and/or of a general supervisory nature, and require detailed theoretical understanding. The outcomes also provide for a particular focus on learning skills. The outcomes relate to working in a generally autonomous way to assume design and/or management and/or administrative responsibilities. Occupations at this level would include higher craft, junior technician and supervisor.

Strand	Sub-strand	Nature of learning
Knowledge	Breadth	Specialised knowledge of a broad area
	Kind	Some theoretical concepts and abstract thinking, with significant depth in some areas
Know How & Skill	Range	Demonstrate a comprehensive range of specialised skills and tools
	Selectivity	Formulate responses to well defined abstract problems
Competence	Context	Utilise diagnostic and creative skills in a range of functions in a wide variety of contexts
	Role	Exercise substantial personal autonomy and often take responsibility for the work of others and/or for the allocation of resources; form and function within, multiple and complex heterogeneous groups.
	Learning to Learn	Learn to take responsibility for own learning within a managed environment.
	Insight	Express an internalised, personal world view, reflecting engagement with others.
